

# DONGHEE CHOI, PH.D. @ donghee.choi@imperial.ac.uk github.com/dongheechoi

## SUMMARY

---

**Research Interest:** Food Science, Natural Language Processing, Data Mining, Knowledge Base Construction

I am passionate about developing practical AI applications in the culinary and biomedical domains. My academic projects are closely aligned with industry needs, aiming to implement applications for real-world usage. I have completed an internship and collaborated on projects with Sony, in addition to founding startups.

## EDUCATION

---

### Korea University

Seoul, Korea

Ph.D. in Computer Science, advised by [Prof. Jaewoo Kang](#). (On leave: Startups, Oct 2014–Mar 2019)

Mar 2014–Aug 2023

M.S. in Bioinformatics, advised by [Prof. Jaewoo Kang](#)

Mar 2012–Feb 2014

B.S. in Computer Science and Engineering (On leave: Military service, Aug 2007 - Jul 2009)

Mar 2006–Feb 2012

## WORK EXPERIENCE

---

### Imperial College London

London, United Kingdom

Research Associate

Nov 2023 – Present

- Currently working on the [CoDiet project \(COMBATTING DIET RELATED NON-COMMUNICABLE DISEASE THROUGH ENHANCED SURVEILLANCE\)](#) as a UKRI project under the supervision of [Dr. Joram Posma](#).
- Relation extraction with large language models.

### Korea University

Seoul, Korea

Postdoctoral Researcher

Sep 2022 – Nov 2023

- Artificial intelligence applications for food computing, automatic portfolio selection using artificial intelligence, and clinical chatbot adaptation to create a new biomedical large language model.

### Sony Research

Tokyo, Japan

Research Intern

Dec 2022 – June 2023

- Focusing on gathering and processing large volumes of text data to extract food and cooking-related information, including biomedical, cultural, and other aspects, utilizing pipelines with large language models.

### LYZE, Inc (Dispatched from Kono Labs, Returned to complete Ph.D.)

Seoul, Korea

Co-founder & Research Lead

Jun 2018 – Mar 2019

- Created a backend system with a large-scale cryptocurrency transaction data repository, incorporating real-time data crawling and processing.

### Kono Labs

Seoul, Korea

Data Scientist & Backend Developer

Apr 2016 – Mar 2019

- Worked as a Lead Backend engineer based on Java & Spring server developments.
- Created a near real-time scheduling agent based on email requests, managing accounts with Google and Microsoft APIs, and overseeing the scheduling data repository composed of numeric and text data.

### Opinion8 (Dispatched from Korea University, merged into Kono Labs)

Seoul, Korea

Co-founder & CIO

Oct 2014 – Apr 2016

- Implemented an opinion, location, and time-based entity (restaurants, attractions, and hotels) search engine based on large-scale web data. Managing large-scale text repository and its search engine.

### Korea Army Training Center, KATC

Nonsan, Korea

Instructor

Aug 2007 – Jul 2009

- Developed leadership skills by instructing and managing a diverse group of recruits.

## Journal Articles

## OTHERS

---

**Reviewer:** ACL(Secondary: 2021), EMNLP(2021, Secondary: 2023), NAACL(2024), ICDM(Secondary: 2019,2020), Information Processing & Management (Secondary: 2024), JMIR(2024), Discover Computing (2024), IEEE Transactions on Industrial Informatics (2024)

**Invited Talks:** Domain-specific AI applications: Food and Finance to Assistant Professor [Minji Jeon](#)'s lab (Mar, 2024)

**Public Science Outreach & Service:**

CoDiet at the Great Exhibition Road Festival 2024 ([CoDiet Homepage](#)), Conference Presentations (Oral: CIKM 2024 / Poster: LREC-COLING 2024, CIKM 2022, WWW 2015), Session Chair(CIKM 2024: Biomedical & Health), Ph.D. Symposium Mentor (CIKM 2024)

**Teaching:** Supervised 3 Research Projects of MSc Students in 2024 at Imperial College London: 1) Combining Machine- And Human-Annotations In A Multi-Layer Network To Predict Probabilities Of Biomedical Entities In Scientific Texts, 2) Investigating Diet And Food Relationships With Language Model Perspectives, 3) Using level of expertise as prior in optimising and fine-tuning biomedical language models

Marking of oral presentations of BSc module on Biomedical Data Science at Imperial College London (2024).

Presentation on the current biomedical language models at the BDSC seminar at Imperial College London (17 July 2024).
